

MOHAMMED AHMED BURHANUDDIN NAYEEM

Computer Science & Engineering Graduate

Hyderabad, Telangana, India • +91 9502383537 • mdburhan152004@gmail.com

PROFESSIONAL PROFILE

Computer Science & Engineering graduate with a CGPA of 7.5 and practical exposure to software development, web technologies, data administration, and academic tutoring. Experienced with Python, JavaScript, HTML, CSS, and introductory machine learning, with project experience in web applications, predictive modelling, and fraud detection. Seeking postgraduate study in New Zealand to develop advanced computing expertise and apply technical knowledge in practical, research-informed environments.

PROFESSIONAL DEVELOPMENT

Full Stack Web Development (MERN)

Currently Pursuing

Career Guidance Council (CGC) | Talent Development Center, Moghalpura, Hyderabad, Telangana

- Currently undertaking practical training in Full Stack Web Development using the MERN stack, covering MongoDB, Express.js, React.js, and Node.js.
- Training also includes Next.js and Artificial Intelligence (AI) concepts relevant to modern web application development.
- Developing practical skills in frontend development, backend development, REST APIs, database integration, and full-stack application architecture.
- Working on practical projects and hands-on assignments as part of the training programme.
- Expected to complete the programme with project experience and a course completion certificate.
- The programme includes an internship component, providing practical exposure to software development workflows and application development.

EDUCATION

B.E. / B.Tech – Computer Science & Engineering

Completed

Osmania University, Hyderabad — CGPA: 7.5

Intermediate (12th Standard)

Completed

Telangana State Board (TSBIE) — 69.3%

Secondary School (10th Standard)

Completed

Telangana State Board (TSBSE) — 74.0%

TECHNICAL SKILLS

Programming: Python, JavaScript

Web Development: HTML, CSS, JavaScript, MERN Stack (MongoDB, Express.js, React.js, Node.js), Next.js, Responsive Front-End Development

Machine Learning / AI: Introductory ML Concepts, Regression, Predictive Modelling, AI Concepts in Web Development

Frameworks / Libraries: React, Flask, FastAPI, Pandas, Scikit-learn

Tools & Platforms: VS Code, Git, GitHub, MS Excel, Word, PowerPoint, Google Workspace

SELECTED PROJECTS

Fraud Detection Platform

Python/FastAPI-based modular application concept with a web front end for fraud-detection workflows.

Stock Price Prediction

Explored predictive modelling using Python, machine-learning techniques, and time-series approaches.

QR Code Generator

Developed a browser-based QR code generator using JavaScript with downloadable PNG output.

Personal Portfolio Website

Built a responsive portfolio using HTML, CSS, and JavaScript to showcase technical work and professional information.

PROFESSIONAL EXPERIENCE

Secondary School Physics Tutor

Abduls Academy

- Provided academic support to secondary-school students in physics.
- Explained physics concepts and numerical problem-solving methods in a clear and structured manner.
- Adapted explanations to students' learning needs while developing communication, presentation, and mentoring skills.

ENGLISH PROFICIENCY & LANGUAGES

- **PTE Academic:** English – Professional Working Proficiency
- **Telugu:** Native / Bilingual
- **Hindi:** Professional Working Proficiency

ADDITIONAL INFORMATION

- **Nationality:** Indian
- **Date of Birth:** 15 September 2004

CORE COMPETENCIES

Analytical Thinking • Problem Solving • Communication • Team Collaboration • Adaptability • Time Management • Quick Learning
